ABSTRACT

The annotated bibliography lists approximately 900 commercially prepared materials available for statewide distribution from the West Virginia College of Graduate Studies Special Education Instructional Materials Center (WEIMC) for use in teaching educable (EMR) and trainable mentally retarded (TMR) students. Materials are grouped under subject matter categories such as art, industrial arts, music, phonics, and science, and under format classifications such as curriculum guides, filmstrips, and teaching machine programs. Entries usually contain the title, author, publisher, price, copyright date, SEIMC number, level (professional, EMR, or TMR), and a one sentence description of the content of the material. (LS)

ACKNOWLEDGEMENTS

This annotated bibliography of special education instructional materials was made possible through the efforts of many people.

A special word of appreciation is extended to Mr. Russell McQuain, Executive Director of the West Virginia Commission of Mental Retardation for assisting in procuring student and financial assistance for the production and dissemination of the document. During the summer of 1973, the West Virginia Commission on Mental Retardation provided the services of Miss Jean Galford, a member of the Governor's Summer Youth Program. Special thanks are due Jean for her outstanding contributions to this project. Funds were made available from the West Virginia Commission on Mental Retardation, from the Developmental Disabilities Act, for the printing and dissemination of the document.

Further, grateful acknowledgement is made for the many contributions of graduate students in the Department of Special Education at the West Virginia College of Graduate Studies. Alice Spriggs and Virginia Loy did an outstanding job of annotating the holdings during the initial development of the SEIMC.

Finally, I am especially grateful to Miss Joyce Manuel, a graduate assistant, who completed the annotations and compiled the work of each of the contributors and to Mrs. Billie Honaker, the SEIMC clerk for the final typing.

FOREWORD

This manuscript is an annotated bibliography of the commercially prepared materials in the Special Education Instructional Materials Center of the West Virginia College of Graduate Studies.

The materials are grouped into several major classifications according to their intended use. These classifications are listed in the Table of Contents. It should be noted, however, that a given set of materials may find uses other than the ones for which they are listed. The following guide was used for recommending the students that might best utilize a specific item. However, circumstances and a teacher's approach may cause this grouping to vary somewhat.

TRAINABLE MENTALLY RETARDED (TMR): IQ - 30-50

TMR I	CA 6 - 9	MA 3 - 4 1/2
TMR II	CA 9 - 13	MA 4 - 5 1/2
TMR III	CA 12 - 16	MA 4 1/2 - 6
TMR IV	CA 16 - 21	MA 5 - 7

EDUCABLE MENTALLY RETARDED (EMR): IQ - 50-75

EMR I	CA 6 - 9	MA 4 - 6
EMR II	CA 9 - 13	MA 6 - 9
EMR III	CA 12 - 16	MA 8 - 10
EMR IV	CA 16 - 21	MA 10 - 12

** If price is not indicated consult recent publishers catalog.

The West Virginia College of Graduate Studies Special Education Instructional Materials Center serves a statewide function. The materials circulating library permits teachers to look at a wide variety of instructional materials before making a decision to purchase. Loan-by-mail services are maintained that allows materials to be mailed out for a four-week period, while there is a two-week lending period for materials checked out of the center. In addition, the staff of the special education department at the West Virginia College of Graduate Studies tries to personalize the dissemination of materials with personal contact with teachers and other personnel upon request.

The center serves as a focal point on the effectiveness and the application of methods, media, and materials to the learning needs of handicapped children by demonstration, conferences, and in-service programs.

The instructional materials center is open Monday through Friday from 9:00 a.m.-10:00 p.m.
